

WHO WE ARE

Taylor'D Solutions is a minority-, woman-, and service-disabled veteran-owned consulting company. We specialize in providing cybersecurity compliance and information technology services

DIFFERENTIATOR

In addition, our unique capabilities allow us to provide Emergency Mass Warning Notification System (EMWNS) COTS and COTS solutions, Next Generation 9-1-1, and Enhanced 9-1-1 services and management.

PAST PERFORMANCE

We offer solutions and expertise to help our clients minimize organizational risks and maintain adherence to cybersecurity standards. For instance, we were subcontracted to conduct Zero Trust Architecture assessments for a major federal government agency.

CORE COMPETENCIES

Zero Trust Assessment and Implementation

Threat Hunting and Intrusion Detection

Security Operation Center (SOC) Support

Digital and Mobile Forensics

IT Support Services
